

Dear Selden: -

How are you getting along?

I suppose you spend a good deal of your time mowing lawns. I should think it would be a paying business this year there has been so much rain. I shouldn't be surprised if you were making a good deal more money than I am.

Is your wheel allright so that you can ride it now? I punctured mine the other day and put a plug in it but it won't hold air for more than a day at a time ever since. Over in Cardington where they have half as many people as there are in Oberlin they only have about one hundred wheels! The people down this direction have never seen a coaster brake before Burr brought his, and

lots of people had never seen a chainless
Or the girl here where I live has never seen
a regular church organ and she never
had seen a fountain pen till I showed
her mine. Mrs Loubikin has never
tasted a pineapple.

I suppose you are planning to
go camping pretty soon on the lake.
I hope you won't get drowned by
that great big flood that is prophesied.

How do the crops look around Oberlin?
They are just fine down here.

I hope you will write pretty soon and
tell me all about yourself.

Yours truly
Willie

P.S. Don't let Mamma work too
hard and remember me to the girls.
If you see Harry Hillis tell him
he had better write pretty quick.
W. H. Belder

Master C. Selden S. Bidder.

After.....¹⁰.....days, return to

W. H. Belden,
