

got afterwards but shorten them."

Mamma would feel sorry she says  
<sup>or</sup> ~~not~~ to visit Papa's relatives & she  
thinks since you have been there  
so long you ought to ~~see~~ <sup>be</sup> here too.  
Mamma thinks you better write  
& "make a date" for any such call.  
And Mary, there's so little sum-  
mer left and we haven't seen  
you at all. You know how I  
longed for June to come chiefly  
because I kept thinking here  
I'd see you & now it's almost the  
middle of July. I don't want  
you to come home to work, but  
you know I never can get any  
thing done without you. I work  
swob but it's like walking in a  
dream. Of course I can't teach  
without you around. Because  
I've had ~~to~~ <sup>to</sup> ~~be~~ <sup>be</sup> here I can write  
to you - but - here's it's different  
However I want you to have  
this summer as you want it  
for you haven't had a vacation

you to get the suit + think it  
must be beautiful.

Evelina ~~wishes a money order~~  
will send you ten dollars but how  
do you want it sent? I don't  
dare send bills since Evelina's  
was taken out of her letter or  
a money order since my trouble  
about the money I sent Aunt  
Mary. So how do you want it  
sent to make the least trouble?

Will you please answer as to  
whether you asked Aunt Mary  
any thing about that money  
or not? I don't see why it is  
she isn't willing to let whether  
or not she received it for I  
could have a duplicate if she  
didn't but the time is up or  
nearly up now for getting a  
duplicate.

We are all taking great pleasure  
in your having this visit. I must stop

for years. And don't think we're  
writing because Mamma isn't  
well, for she is much better, better  
than she was when I came home  
for better than when Evulnia came.

Evulnia wants me to say that  
she is wondering if you can see  
a hat any where very cheap for  
her so she can have a respectable  
hat this fall, a straw suitable  
to wear with her suit. But get  
it me reminded for we have lots  
of good flowers etc. Don't pay  
much for it. Get some things to wear  
night along with best & every day  
things. Can't you get them very  
cheap now? (I hate to ask  
you to do any of these things for  
of course you have to ask Auntie  
to go with you.)

There's not a cent in the house but Evulnia's ten  
dollars & I'm trying to provide something for her  
and we  
going to  
Harris

Do you know of any place on  
Staten Island or any where where  
we could sell our things?  
We think it was lovely for

Please forward immediately.
