My dear Will.,

I'm may fall over if
a swoon when you see
a letter from Aunt, but
I trust you will try to brace
up, & make the best of
it — that is, if it is not too
long — the letter I mean.

How do you do?

What are you doing, we
are so interested to learn. ✓

decided to write to yourself
to find out. I trust you
are going to make enough
of that cold but necessary
cash to put you two next
year through college. -

I wonder if you will finish
in Abulda, or perhaps go to
Salaman ~~Stamps~~ perhaps -
Do write & tell me about
yourself, for I am so anxious
for your progress, in all
things. You are a great

way off from home, indeed.
I don't know how many
must feel to send off
four children, for it seems
quite enough for me to
span on.

Charles has been gone
for a couple of weeks &
Mr. Miss has been mostly - he
is having a fine time in
the Ministry though & I am
ever so glad he is there.
In little more than May I shall

is five feet seven inches & no
longer little, but she is a joy.
We had such a lovely little
visit from Mary on her way
to Yale. But she charming
& pretty - & bright. In all
counting greatly upon her
being here during Christmas
week.

I have not seen my dear Mother
yet since she came East, but
hope to ~~see~~ see soon, tho' it seems
I shall have to go to see her, as she
is not coming here right away.
With love to my dear mother & Aunt
