

Dear Wessie

Mama is not here
yet - I write by return
mail to say that whether
she is here or not I want
Percy Hillis to be sure to
come over here to see us -
for we feel him to be a
part of our family in a
way - having been so con-
nected with us all for so

have been long -

I am getting ready now for
an all day sewing meeting
getting a message by
off - so I cannot write at
length - ^{here at your house - see?} I don't know when

Mauna will be here - I am
fixing my patent and I think
she is having a perfectly lovely
time in Ford - when she
can drive daily - & be free
as air -

Love to you all three -

Fondly
Aunt

long. Percy may come
here to make his head
quarters if he likes, as
I am very short of a boy
now - Tell me! I

may take him out to O.

hence before long myself.

I shall want to hear all
about the life Percy & Willie
