Dear cousin Ella,

He received your
cards some weeks ago, & I write
these lines to express our good wishes
for your future happiness in
every way. I hope & trust you
will find your husband first
class - just as good as possible -
I know he has chosen well. Ellis
wrote you would be very pleasantly
situated in respect to your house &

surroundings - which is a matter of
congratulation to begin with.

With love from all of us, & wishing
you much temporal & spiritual
blessing - I am your affect-
cious cousin
