Dear Mother:

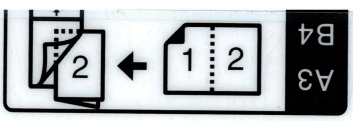

I hope that your duds are all packed up & that you are just waiting now for your ticket to Alberta. When are you coming? We ought to know something definite. I hope your trip to Clifton Springs did not do you up.

We are having a fine rain now. We cannot even work today. It is so cold & wet. I think I will try to go to town this to get the mail & send some. I guess Will wrote in this mail so I will not. I will enclose some pictures however.

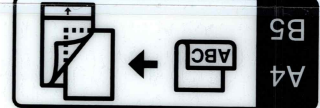

Love Selden.
