Mrs. W. J. White,

Mrs. W. H. Belden,

Mrs. J. T. Gracey.

## MEMBERSHIP,

Foreign Missionaries only,  
whether in service or retired.

Dear Sister:-

Have I ever written to New Haven? I am afraid not, but not afraid to say that I am ashamed of it. Perhaps you would not have had time to read any letters if I had written them. Do you want to hear about our doings here? I will take that for granted. If this letter is not interesting, please don't notice it because I have got the blues. Jeanne-Marie just left on the 8.25 tram for Chicago and I feel most awfully lonesome. I have had a fine time since she has been here, and I think she has, at least I hope so. Anyway, I know she just hated to leave. This evening we wrote a letter to Willie. She wrote one line then I wrote myself a sentence. Every other line was written upside down so that poor Willie will have to take a long time to read it.

We had just packed for winter  
later says everything looks that we  
could take board with about an hour.

How are you getting along? I have not  
heard from you for a while, I am so glad  
that summer is coming so that I may see  
you again and I am hoping to see  
you in the future perhaps  
you will go camping with us. You have  
heard about all my things, have you?  
Well, I want to make a gasoline launch  
at the lake. I can make the motor  
launch without the engine for about  
eighteen (\$18.00) dollars. The engine for \$48.50  
I had a launch I could loan money by  
young people at night at the summer  
week, picnic, etc. etc.

Mamma says that it is better to  
good-much.  
you must be having brother  
only.

P.S. Please remember that I don't like to  
anyone read my letters except the persons  
whom they are addressed to!!!  
M.B. Also please tell me how much  
letter would say? no much.

To Mrs Mary Falden  
Mrs. Stan Leow  
is a month with you  
+ my little daughter  
it is that you had  
the letter out
