Dear Mary

We both thank you ever so much for paying the interest at the bank. As soon as possible we will make it right with you. I am awfully sorry we were unable to pay it this time but we are at the very limit now. I couldn't begin to tell you in a letter.

We are expecting mother & Evelina this week but do not know whether to go to Alaska to meet them or not. We will be awfully glad to see them but they certainly will not have very good accommodations.

I hope you are not working too hard this summer at your teaching.
Your loving brother "Curley"
