

Hot Springs
Sunday afternoon
May 12th 1924

My dear Roger -

The day is so gorgeous - the
air so clear - vegetation so perfect -
roses so pink - red - yellow - the
grass so green, the mountains so high -
so extra high that I want you a bit more
than usual - but I hope you are in
a happy place right now - 30°c -
Caroline is having a meal - in bed
with the nurse - the boys asleep
Sunday gone to the farm for S.S.
taking most of those left here at
Hot Springs School along - the horses
back from that for a funeral
