Dear Mary

Your letter has just come. I am glad if you really like the hat, and it is of use to you. When you were here last spring, I had the hat ready for your inspection, but because the time was so short, and my courage failed me, I just did not get around to doing it.

I am sorry the hat came
after your Youngstown
visit for it might have been
sent weeks earlier. I haven't
worn it since last summer
at King George's Garden Party!

About our new house. I
don't write about it because
I think some of the family
have told everyone else about
it. I don't remember who has
been told and who hasn't. We
have bought a house in
Maylan, about 4 miles from
here. There was much to do to it,
starting with a new heating plant.

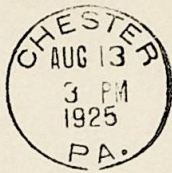

After we began work, of course we found
at least time as much as needed and we ever
dreamed of. But everything has gone so
well, and the good work is being done well,
doing up steps, papering etc. We have
built a sleeping porch, which I am sure will
be a joy. We hope to make in a few weeks.
You must come soon & see us in
our new house. When will it be? I feel
quite deeply that we in this house
which has been so dear & will be loved
years. I am sure you don't object of my
getting the number of years.

Mamma came from Oxford
very suddenly two weeks ago as she
was suffering with her ear. The Dr.
found two bills in it. They are now
better, and she expects to return
to-day, or to-morrow, but had
more pain, and yesterday the Dr.
found more trouble, so she must
stay here (at the Harvard) awhile
longer. I may be repeating, for I
don't know whether anyone has
written you about this.

I wish aunt Eliza and Ev.
are much better, and that you can
get rested. How fine to have Will!
We think of you all very often.
This requires no answer, but carries
lots of love to all. Evangeline.
