

Please Address the letter
to 141 East 21st Street
as usual - if I am away
it will be forwarded to
me. I trust you and your
family are well and
that Mary is happy and
pleased with her work
which she has taken up
for the year.

I remain yours sincerely

My dear Mrs Belden

I am writing a few
lines to ask after your
health and that of your
daughter Mary and to
enquire if you received
a letter for Mary which
I wrote to her last June
inclosing a small gift -
in some way there was a

mistake made when I
addressed her or she had
left New Haven without giving
information where her
letters should be forwarded.
At any rate there came
to me in July or August
a letter from the dead letter
^{P.O.} at Washington stating they
held such a letter for
Miss Mary Magie Padden
signed by me. I at once

replied that it was my
letter and asking them
to forward the same to you
as I did not know Maggie's
Address. Having heard
nothing from you or
from Mary I am wondering
if I have made another
mistake or where the
neglect may lie. If this
reaches you safely and you
care to send me a reply
