

was so modest she couldnt.
Ellie, May is just chancey -
I am counting greatly upon
her being here during the Christmas
holidays - a thing she expects
to do. I wanted to go to N.H.
with her but thought best
not to do so. You will
miss your family like any
thing but you not. but I
do wish these rooms would
fill up - Oh I do. I am
gladly I want your full
if any one else has any or not.

Your letter about rooms
was just like the talk in
Ithaca - where people got
rooms ready, & as one to
fill them, & they likely
here put in so much
money into preparation,
& then a few people here
a great many more who
want to come than can be
possibly accommodated -
What will you can do with
so much money I dont see
how you can invest it all.
