<sup>from Mary
Luther</sup> Sunday -
My precious Gertrude -

It is nearly 7 o'clock
when we are to have dinner
but I must drop you a line
so it can be mailed when
there is a chance. I had a
very comfortable & pleasant
ride up to Scranton and it
did not seem long at all
At first I settled back in
my comfortable chair and
rested and took a little nap
then I read - and then closed

not read after we got
on the new "Cut off" as it
was all so beautiful.

When the first call came
for dinner I went in and
sat at a little table opposite
to a gentleman - When he had
finished - who should take
his seat but my adorable
Cousin Fittie - who gave a
little quiver of surprise - but
did not offer any remarks -
pursued her book and
began to read - When her

order was served she began
to eat - but very soon took her
book and was reading while
she was eating - She must be
a very intellectual woman!!
When I got out of car at Scranton
was met by Leanie Pennell
and Esther and they brought
me right up here to Cousin
Jimmie - and I am occupying
a room with Cousin Mary C.
who came up yesterday. Two beds
in the room and a sitting room
and bathroom attached quite
a good deal larger than some
others I have seen!
