My dear Will,

I was glad to get your good letter
and would have answered it sooner but
I have been away from home part of the
time and awfully busy, and also I was
considering what could be done.

Now you see as far as my work is
concerned, I have my men hired by the
year which will not expire until spring,
and they are good men and expect to stay
this time out, so you see I wouldn't be able
to give you enough to do to keep you out
of mischief. But I am looking around to
see if I cannot find something for you which
would be as good, or better than I could offer
you. I expect to go down to the New Edi-
son plant at New Village with this in view,
but it will be impossible for me to go now
before next Monday. I had a little ad. in
the Star this week, published today and I
may hear from it in a day or so.
You may be sure that anything I can do

to help you I will be more than
glad to do. I will write again as
soon as I can tell you something en-
couraging.

Aunt Clara and Katherine & Chas,
join me in lots of love to all at 283.

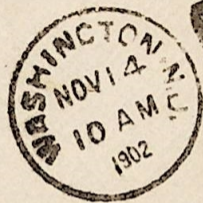

Excuse brevity. I have a beastly head-
ache, but didn't want to keep you
waiting any longer, and will write again
soon I think.

affly
yours
Mabel
