

for you to be. I hope you will  
have message every day for  
you need it. And can't you  
had an easy chair in your  
room so you can nap in it?  
It makes me so happy that you  
can sleep after your massage.  
You ought to rest after it every  
time. Don't make any plans  
for anything different yet  
because I am sure you  
need to be where you are.  
Be sure to rest enough. We  
all want you to rest a lot.  
I think my cold is getting  
much better. Oceans of love.

Dearest mamma,

Today I had lunch with  
your two sisters! They are  
my aunts, too, to be sure! We  
had loads of fun and it was  
natural to be back there.  
I reached there about 12.20  
and left at 4.00. Aunt Carrie  
walked part way home  
with me. We walked from  
the Audieott through the  
park to 52<sup>nd</sup> St and Fifth Ave

Then I had to take the bus  
down here because Dr. Smith  
is coming to see me this  
afternoon. He sent for  
Miss Cether to come to see  
him in office hours today  
and told me he would come  
here to see me later. I am  
so eager to see him.

Papa came up last evening  
and made quite a call. He  
was very well and pleasant.  
He brought some Allegretti's.  
He seemed very tired but says  
he is well. You see so many  
of his "office force" are out.

I saw the groups of "Micki's" pictures  
and was shocked to see how many  
were out the next day. I was 20  
before she went away. I was 20  
about. 403 looked natural and  
yet it didn't seem like I was  
there. I had a lovely visit with  
the counts. "Ferenc" called while I  
was there. She got the message  
you sent her if Aunt Jimmy's  
letter as it came while I was  
there. I am so glad you are  
happy where you are because  
we think it is just the place
