Well! here I am! and mighty
glad to have a bit of paper left
over to write to you on, as I see no
other about at the moment -

Well! Here I am!

Train was one hour & twenty minutes
late - Some time in the night
one car - I don't know how many
cars - but ours was scratched
of on to "No 11" and we came
local most of the trip - Thus
I didn't even get out at Ashville
for a my tired man - whom later
I found in some kind of "big" liquor on

The Loutham road said "Madame
could I get your ticket and attend
to the releasing of your trunk
which probably would not follow
you till later? I bet time -
I got time a V - & after a
while he came back with ticket
change & check in envelope -
said - your ticket was -
your change is - your
check is also in envelope and
trunk not taken off your train
will reach Hot Springs with you
Wesley that nice? So? set
in state in observation car
from which I landed in Hot
Springs.

Sunday came to meet me - Cameron
& he had come at the proper time

but it was so cold
I never got out to long time
out so late -

Such a welcome!

The house looks attractive
tho' full - There children
have great courage and you
never saw any people so busy -
and I am soon in it.

I have a really dearful cold - I
wonder the family here are not
dead with colds - flows are so
cold, and and indeed built
for summer here only - I am
soaked in pills & vicks, & of course
will be better in a minute - but it

means me much comforted
that you are not here - find
just dear in these exposures.
There is a good deal of sorrow
more than I have seen this
winter - here.

Samuel is much better, but my
throat is pale, & has a nervous
action. but his improvement & I feel
sure the change to Colville
will help for a while at least.

Caesar is a wonder!

The first sound I heard this a.m.
about six - thirty - was a deep
saw voice of a man lying
- in bed - saying

? Samuel in thank Thee for the light
and for the pleasant morning light
for rest & food & company
— ever so on

but too tired - too tired -
Lester looks superb - her figure
is perfectly splendid - she only
looks a little straggled - perfectly
all right to appear any where -
She & Lindsey are radiant
about the prospects - you know
I say any thing so really beautiful
as Lindsey's devotion and care
and Lester's response - Lester
is wonderful in her family - with
the boys - the three girls - with
Lindsey - she ought to have a
wonderful child - she will - she

still hopes of Mrs -
The most wonderful - word chosen
with care - The most wonderful
representation of her in her form
of layette - baby clothes - came
previously from Lees Falls. Value
at \$250.00, a check having just
arrived of her over plus \$43.00

I'll try later to tell you what the
sheep are - very kind of beautiful
and useful thing for baby - to
last for a year - a pair

sheep for sister - perfect -

Oh! I wanted you to see so badly
when she was - which came

up in auto with me - was

opened - after the trip me
in her car. I really am

scribbles at the
rayonettes point but I couldn't
let a mail go out without
something to you for I know you
are just jopping to hear every
word -

Senta looks absolutely perfect,
and I can't refrain from
repeating it to you for she has
had such a horror of appearing
in public looking conspicuous.
I can't see how she has - no
doubt a my small one that's mine
for the usual -

W accept to go in to Belmont
17th or 18th unless called sooner.
You know where - how to catch
a party for me this afternoon -
I hope I will not infect anyone
with this vile cold - when I feel
better next time come from some
ones "trap" left in bath in
sleep -

I'll say you are not true
I am also glad -

Heats on from us each

Yours Caroline
