THE UNION LEAGUE CLUB  
NEW YORK

Dear Aunt Jane.

Thank you for your  
kind note of congratulation.  
When you know Clover, as I hope  
you will one of these days, you  
will realize that I am indeed  
a subject for congratulation.

I am very happy just now,  
for Clover has just arrived in  
New York, and will remain with  
her sister for the rest of the  
month. She intended to stop

and I trust it can be ar-  
ranged after her sister has  
recovered her strength.

With love to Joe and Anna

I am

Affectionately your nephew

over in Albany to see mother  
and Experina, but owing to  
the illness of her sister she had  
to come right through. She  
will probably stop for a short  
visit in Albany, returning to  
Chicago.

Clover called on Jennie Marie  
at the University one day last  
week, and I knew their meet-  
ing was a mutual pleasure.

Carrie, in her usual goodness  
of heart, has invited Ann down  
to Staten Island for a few days.
