

Biltmore Hospital
May 22nd —

The eyelids certainly
show you to have a most
handsome face!

Are they dead?

The boys might be famous
sufferers — so dark so thin.

Caroline opens her eyes but
I must keep put out in
the sun to look

she has shut them tight
in tight — I think her

nose looks funny in each
sleep, but, really it is not

2 funny looking at all.
The boys are dear with the
look - + calm softness
his voice to music when
he talks to her -
Hampley dates "Kevelines"⁴
back to the day his mother
told him of her coming
and I feel sure March 19
will be a new forgotten
date with him - it is not
possible to tell in words
the rare expression, both of
mood and countenance
when he speaks of Mother
Loney this time, as if his so

3
lovingly engaged for her
aerial - it all has been
my beautiful - his own
love for Mauna Kea -
I feel sure he never could
nor be coarse or common
about such an event - either
of person or animal - he
has the most exalted and
sacred spirit of God's grief
life.

Well! I must run along -

I think we will go back
to Hot Springs on Monday
afternoon - Sunday goes there -
May as well get off - Oh well!
