

My dear Ellie, Boulton June 15/90

I have written a few lines to Jennie telling her that Greenville and I will send her the necessary facts about the Henry family and advised her to run up the History of the Scranton family which is in the possession of some members of your family. Geis will inform ed about the Henry family but he thinks it would be advisable to have the History of both sides to fill out the blanks. Please return them to Jennie if you have not yet mailed them to me. I was very glad to hear from you and want to write you very soon.
