They are in Paris now.
Will be gone for weeks.
Three weeks have already
gone - our baby is
perfectly well and while

right to Sand Beach where

they have taken a house for
the summer - so M decided
that if the baby came here
he would have too changes

and so Pauline had
to give him up -

I wonder if you heard
of Cousin Frank Watts
death. he died May 13th

The clipping you from the
Howe's is nice published in
Oxford - I am busy
this evening you or sending me
you rather a few weeks ago but
if you feel as well I guess I
if you show you are waiting
and being quiet for another

our night into hot weather
but hope it will stay just
right for a while while - it
has been absolutely perfect
to-day -

Now I must say
good night. Love to the girls
