

I think the new ones if
was Japanese. Doubt better
about my gift as you say.
I really would hardly
see near the cap and
unless it just suited me
in simplicity - would care
for it - and the size too
I have lots of nuts and raisins
and ho has too + everything.
I think your visit must
be very pretty if made with
style. I hope to go to 1st Pms
blunch this evening to some
kind of a concert, with Mrs. Traut.

I am so glad
to hear about
Mrs. Mary Elizabeth
Lukens, as doing so
well in school
you take time
to read to her
whenever you can
Dear love to
you each one
Mamma

When mother came home
to ^{Carlton} ~~Carlton~~ Penna.
at seven o'clock it rained
very hard so she came up in a cab.
We were all very glad to see her.
But I was glad she stayed the week
because I think the chance did
her good. The first thing she told
us was how good and kind you
all were to her and what a good
time she had, and could not have
been treated any better if she

were the Presidents daughter.
Mother hopes you got home all
right. With "love to Gertrude and
^{to the son & son} and her dear nurse and to you and
and all the rest

From Ellen.

I am sending you this just for fun
of course destroy all my letters.
I am sorry the little bag is too
small. Can you use it for
anything else. If so keep it for
you or all. E. if not keep it for
me. I can't release it. It may
come useful. Did "bag" like
such a little train of cars?
I thought it was so cute.

I am sure your entertainment
must have been very enjoyable.
and I hope you made a lot of
money - I have just come up from
Boston and must send off this.
I am my other letters. I have been
at my "desk" nearly all day with
the exception of the two hours I was
in the receiving room - I bought
a new beach bag for beach put it
here the other day \$6. on reduced from
