Dear Cousin Ellen:

Mother was pleased to receive the graduation announcement of Evelina. How the little folks do grow! Here is "Willie" Hance, too, a year out of Yale, and hard at work winning his way up in his chosen work of teaching. So big that one hardly connects him with the little fellow that shadowed his Grandpa — or whose Grandpa shadowed him; for verily "Uncle Burt" worshipped that boy.

And by this evening's mail we
have an invitation to the graduation
exercises of Mollie James' High School.

By the way, my boy David
is beginning to discuss with me,
with much solemnity, the varying
advantages of Yale & Williams.
I suppose he will have to go
away in a year or so.

Mother is very well & desires
to be kindly remembered to you
all.

We are all doing nicely at
my house, & send love.

Yours
John F. Scott
