

2 About help - Too long a story  
to go into detail about, but, we  
got on well. I am some more  
but shall let's out all night, &  
this is an offering I can make.  
I am truly sorry for George so  
concerned - but - he is just a  
miserable and dear about it  
all as can be - & we did have a  
long little visit for a minute  
or two which will last for a  
short spell. I am not fretted.  
We get on so happily together  
- you know we always do, and  
never have a jar of any kind. There  
is such a wealth of love &  
also of understanding between  
us all, that there is no friction -  
there is of course the thing that

Wear me out.

Let me see! What shall I ask  
of all I want to say about to  
speak of?

Oh yes - The towels how come  
Sister & I like them all I can't  
make up my mind which I'd  
choose - I don't understand if  
you are just to select or if you  
are to keep any of them, &  
almost hesitate to say that  
but you think I am begging -  
I think the best is my favorite  
indeed, & how about deciding upon  
that as my choice may I do so  
in plain white - I think all  
the styles of the white work  
look - I think so, & I simply  
am extremely very dear love

3  
- You can make so many many  
stickles and so perph erru.  
Ofense I wouldn't let our boys  
near these two things - perph  
resulting! I sent George a trial  
to her, so loyal! How can he  
with his gueness heart not  
love them these two officers  
with the faces of the doves?  
Once a friend always a friend is  
keys - to make for me a fine  
life long nuncup mate - such  
loyalty -

Thank you - after the really  
Pruned gifts - from the people  
them in our history of them  
wouldn't be any deceit are  
Sister could need nor ever  
desire - P.S. N.B. They are given away.

You speak of my training as  
steward - as soon as I see  
are some swaps first of  
will send you a book of  
girls who have won Red  
Cross diplomas for their  
first year training in Doh-  
Belle of the resident nurse.  
These girls have learned a lot in  
a year - so that even now they  
know much more than my  
nurses about the care of  
the sick & of babies.

I feel that I must get back  
before too long to George but you  
are waiting till Sister has  
more & more difficult - help -  
she has some - too long to tell -

4. Sunday her just has a gift  
from a lord friend - of four  
seats & all our coat - they all  
sent with much feeling of not  
wanting to be \_\_\_\_\_

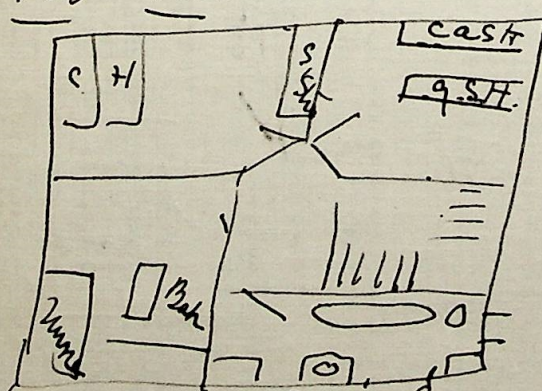

all fresh clean & just the  
they are pretty bad none  
They all look like new -  
fit - a white wool - a tan  
a gray & a blue different  
knights, & a fine sports top  
coat - reason for this - some  
some of clothes is that they  
just here all of a sudden  
got stout, & cannot wear them.  
It is not a bit hard to take them  
they are very nice for Sunday  
to love you & your children -  
that makes it long too -

The blue waist seeds sent  
prepaid - you know I thought  
it my fault, & so dressed.  
I could not tell you all the gifts  
she has had, but will try to  
remember when I see you.

Again I say - What do people  
do, who love friends, & not such  
friends as one child, who,  
so loving come to the rescue.  
You all - The Elm Falls people  
Reg Tuttle & all 1913 - Will  
visit - with her blue pairs  
of rose pink all wool plus  
kerchiefs, dozen slits, &  
dozen pillow slips - all -  
the many others - What do  
people do who love a friend & not

5 - all there? How can we ever  
 repay such loving acts, such  
 loving acts - It certainly  
 has been a help, when we  
 see the remains of the  
 fire here in small quantities -  
 and masses of things that  
 are lost - How kind every  
 one has been! How loving kind!

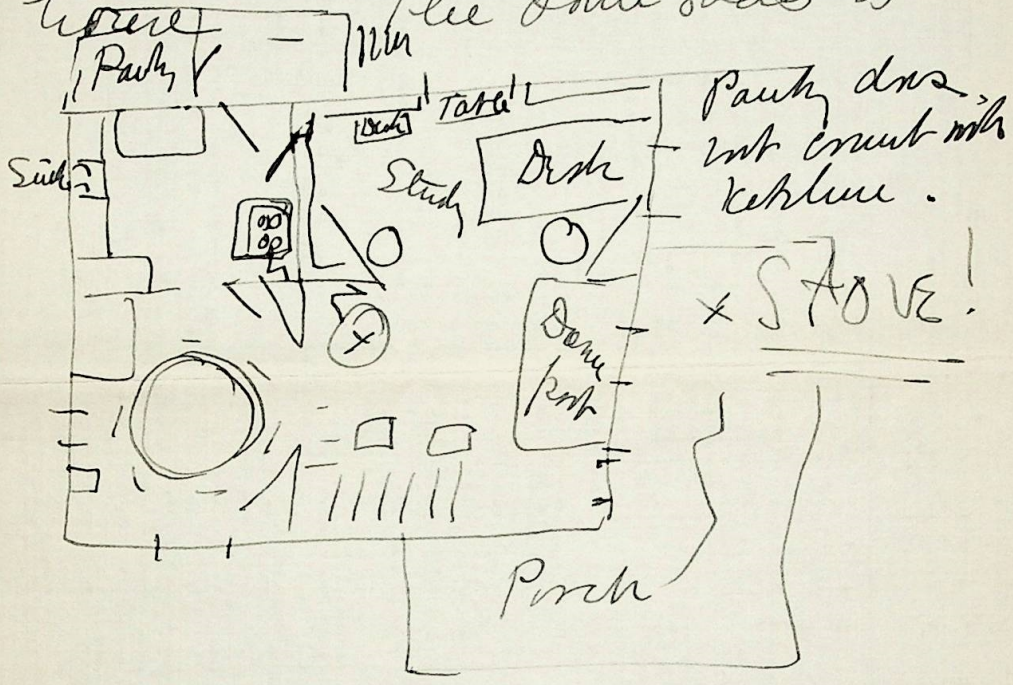

I wanted to tell you how we  
 arranged while Geo. was  
 here, to sleep and not to be  
too indecent -

very bad  
 impure  
 eyes of mine.  
 my.

and Sunday slept out - a

minute walk into the next  
 house

Deep table with low  
 fills the room - can't get  
 around it to see - all  
 into of male drifts are  
 in vogue so to keep things  
 in fair order - the heating  
 - or each of it is a serious  
 question - the house work

6  
- cute for people starting  
in life - but - to me they  
for these people who are  
are unnecessary sort of  
visitors, calls, confusions,  
and more than children -  
In the Carliens in the room  
The nurse has with Caroline  
Hemply is in the Father's room  
in one of the beds - Cairn  
in the Mother's room - )  
dont oppm of Hemply's  
Quarters - Caroline is in  
a mountain made basket.  
- out grove it already -  
she has in her carriage - I  
in are making an effort to

lay like upon me, as we will  
not be her handlet (by  
the passing crowd) O yes  
she sleeps out of doors in  
her basket on a table, and  
it has been so ever since for  
a couple of days, & blame!  
Oh me! I hate high winds!

Ettie I see standing with  
you these days with you son  
at home - How brown & fair  
you have been all these years!  
How long she has been home  
and how patient you have  
waited - How you have held  
me to your self, & kept your heart  
up, and your eyes steadfast -

I had a line from you  
long time, how kindly & pleasant -  
a rare treat in our family -  
Oh I do rejoice with you in  
having your son for a while  
now, & hope every moment will  
be full of joy - that you will  
be wonderful times together  
every day - I think you are  
one of the great women of  
the world - and you face  
down it - Of course I see you  
to will. I always do to all the  
family of you

Do you know Addie Locke  
died after a years illness on  
May 3<sup>rd</sup> - I never see her again.

May dear I hope you will  
not be taking work on your  
pinks - and how it is so  
pleasant. How are you?  
Are you sure you can't sit  
so long? I am so tired for  
you just sitting - How  
much you accomplish as  
you sit - Excuse take mats  
I'm travelling made - I'm  
deeply appreciated - I will  
send news for Carlines  
club - Whum! I am -  
My they are wonderful! I  
am sending a trail of you  
to for the club - perhaps too.

8  
Oh! So many times I have  
retreated saying that the multi  
hats - I love you & none of  
none, I don't see how I'd  
have got on without it if  
I see to look as well as I did a  
year ago -

I hafta go to bed I'm dead -  
There are so many things  
still I want to see & say -

Good night

Love to you each from  
us each

Charlie

in her loads of wonderful flowers  
trains - - of some all the  
early vegetables earlier  
than in some other or  
N.Y. or even N.J.

Lot of roses & other flowers -  
& the mushrooms! the  
mushrooms! much Laurel  
about the full flower -

I wish to say  
"Aunt" to what  
Aunt Lane says  
about you, dear  
Aunt Edie.
