C/o George B. Harney
Buck Hill Falls, Pa.

Dearest Aunt Tally,

I often expect to write to you
and do not. I came here Aug. 11th
and shall leave the 27th. I
shall go from here to N.Y.
where I shall be at The Women's
University Club until Sunday
when I shall return to Paradise-
mere. I have to be back
in P. the 31st as it is the
time-limit of my pass. I don't
want to go Saturday because
I want to go to church in N.Y.

The children have been ill since I came, and M. E. had had ear trouble which threatened something serious. She is about all right now. Edmund was threatened with appendicitis but is ^{now} all right, ^{in that respect} (he didn't know how serious it was). Geo. J. had a bad sore throat. Miss Scott and Pallie are here, and have been all summer.

We all drove to Oxford yesterday. Or rather, Miss Scott went there by train last Wed. and returned with us yesterday. Mauma looked so much better. She seemed well for her. But it's just about

finished me to come away
and leave her. But it is well
I did not stay there longer.
The strain of it gave me a
terrible night last night.
Mamma has young girls
and two small boys to
help her, but she does need
somebody of her own class
and some person of intelligence
with her. We are trying
to see if Mrs. Watts (the
person Miss Scott lives with
in N. Y.) can go for a while.
Miss Scott is going there ^(as found) for

a visit after she leaves here
after 'Labor Day.

I have been so wretched
for months. I have been "so
fond" up here. I am beginning
to feel better now.

I have thought of you
and all your dear family
this summer and have
been so happy for your
joy, and so sorry for
illness and trials. Where is
Willie now? I do hope he
will stay in the U.S.A.
Maybe the Prince of Wales
would like to buy Willie's
land as he already owns some

in Alberta!!

I hope to see Aunt Carrie and
Uncle George in N.Y. I think
they plan to go to the Adir-
dacks the last of next week.

Erangeline's and George's
steamer is due in Montreal
the 24th (Tomorrow). They will
go direct to Clinton and come
here the 28th for a few
days. They will all have
to leave here right after
Labor Day, probably.

My love in abundance to
you each. Devotedly,
G. Tuttle

We suppose these go back
to Aunt Cecil but we
don't know
