Dear Aunt Ellen:-

I thought you would be interested in reading Mother's will, if you have not already been furnished with a copy. Upon reading it I find that it is somewhat different from what Jeanne mentioned in her letter. She evidently had not read it when she wrote. She has written that "we three girls feel more grateful for Mother's will than anything else that has happened" and referred to so many being remembered.

If you will return this copy at your leisure I shall appreciate it. You might hold it for a week or so, and I may be in Youngstown at which time I can come out to see you.

Jeanne writes of unusually cold weather in Ft. Worth. Natural gas has given out, and you know what that means in Ft. Worth. Adelaide has put up wood stoves and at the last writing they were comfortable. I am hoping that they now have some warmer weather. Her last letter was written February 1st.

Winter can now take a long rest as far as I am concerned. The Kaiser seems to be getting all of the breaks.

With best wishes to you and all of your family, I am

Sincerely
Clarence V. Price
