

Berkshire, Mass.

June 10, 1896.

Dear Mr. Belden,

Here is something that I drew up, for an obituary notice of my husband, to send to one of the religious papers. It is probably much longer than what you want, but you will be able to cull from it the principal events that you wish. You need not return it to me.

I hope you will have

have an interesting and
inspiring meeting. I should
like very much to be present
but that is out of the question.

I should greatly enjoy meet-
ing you and Mrs. Belden
once more.

With kindest regards
to you both.

Very truly yours
Anna B. Park
