

7/16/37

Dear Gertrude,

I have appreciated very much your lovely postcards! The pictures are lovely.

I simply love this camp! It is nearly all in the woods. The weather has been almost perfect except for 3 or 4 days of rain. The water has been perfect for swimming, too.

I especially like the riding, because, instead of riding around in a ring we ride on lots of country roads. The horses are very good for riding although they are not very high breed. Yesterday we road on a very narrow path and as it had recently rained we got rather wet. It was loads of fun!

Tomorrow will be backwards day. Campers will take the place of counselors.

I think it will be fun.

I am in a very funny play. We were going to have it tonight but one of the characters got sick, so it is called off.

Much, much love,

Caroline Hadley
