

Sax

Dear Estina -

Just a word while I am in the post office. You want to know that we are all well - except that I am a little cough. The children gave a party last night - Mrs. Walker made a nice chocolate cake for them & I bought them each a little thing from Town.

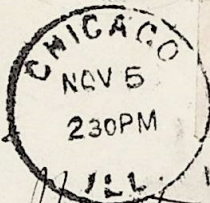

Mrs. Jones invited us over there for dinner to-morrow & I may be with you.

Ben was in town a couple days ago. I ate supper with him down town & he came out with me & stayed over night - Wed. "Thyphoid" dropped on him. The doctor is at work on it, so he has a present outlook here on that.

I enclose a check for \$10.- for your use. I don't want to have him pay any large part of your expenses if we can help it.

You are having a sad visit. I am sorry for you all. I hope your mother doesn't suffer much pain.
Love to all
Henry
