Dear Auntie Berie,

I want to thank you for that lovely book, first of all. I had heard of it before and was planning to get it at the library, when it came. I gave my book report on it at school.

Grandma was very glad to receive your letter a few minutes ago and wanted me to answer it. Auntie Mary + mother went Friday noon and we expect them back Saturday although we hardly can because they never get back when they say they will.

I am hoping that you'll bring Mary + Bro. There when you go to Elvira, please, please do! We're all
