To Pastors & Others Leading N.S.M. Meetings

The collecting & reporting of results laid upon Synod's Committee by Synod (see "N.S.M., No. 5," end), can be greatly facilitated by accurate noting at each place as the Week goes on, & keeping records to report. We would therefore suggest, tho' in so busy a time, that we all note down such points as these:

Number of Meetings, attendance, fervor, missionary spirit in prayers; demonstrated value or otherwise of N.S.M. literature; quality &c. of speeches; preparatory services; relative value of the different Meetings; &c., &c.

For the Publication-Committee.
