

Rochester July 2/97

Dear Mrs. Belden

Your letter
is received, I have been so
sick to write you before,
am feeling some better to day,
& am glad you have made
up your mind to go to Oberlin
it is the place to educate your
children, & hope you will find
it all you anticipate and I
think you will.

Try and help me to send
if you possible can, I need
the send so much, my inner

once has seen and on both
places, and I don't know
where the money is coming
from to have it reserved,
and will use the first I get
for that purpose.

I think I will not be able
come down before the first
of Sept but will try and
come then,

Very sincerely yours

Larisa Barrett
