

Wednesday afternoon
I shall like to see
you all and send
a great deal of love
to each one of you
I shall see you at home
I would have asked you
to have the children
to come to
I would if I had
I have a few real
pamphlets to see the dear
child and to see him
I did again but under
the wishy evening
I did not think it best
I had love to Mary.

Train up a Child, in the way he should go.

came here on Monday of this
week and as you may im-
agine are having a delight-
ful visit. Ellie has several
times remarked that the
party would be complete
if Ellie and the Twins were
here. Besides Lily's four
daughters there are Eugene
who came three weeks ago
yesterday and my two girls
strange to say my children
have not been very well since
they are here. I took Edwina

in the water on Tuesday but home for there is much work
since that she will not even awaiting me
consent to have on her bathing. The beautiful Scotch shawl you
sent. Gutude is dressed in suit with Mother was appreci-
ated and although it was
hers every day but has never
had a ducking yet. I have
been in the water every day
and enjoy it very much
The weather has been charm-
ing here though I should
have been pleased if it had
been several degrees hotter
When I came here I was com-
pletely tired out having had
the last eighteen months so
crowded full of duties and
pleasures and sorrows. I made
up my mind to be real lazy
when I came here so as to be fit
for service as soon as I reached
about returning it to me even if it
cost me let me pay for it be-
cause I expected to do so and
I will appreciate your kindness
in bringing it to me, which means
a great deal to me. Perhaps
you think my old Raglan is
not worth returning but I don't
believe it will be any more
service to you in Pugetton City
but I think I can make good
use of it. You need not feel badly
about returning it to me even if it

is not in good order Now if it
is useful to you and you wish
to keep it, don't hesitate to tell me
so. I hope you have a good gift
by this time. What did you do
about the one Lily proposed?

Is Bridgeton in Cumberland Co.
The hear Cumberland voted local
option. Can you find out immediately
what part the U. C. T. U took
over U. C. T. U will do something
and we would like to know of
Methods. If you can, ask the Pres.
to write me immediately as Tuesday
is our Election day (4 Sept.)

The furnished parsonage here is very
pleasant and quite near the Station
Low Pier, and the Bath house
beach. I expect to go to Ocean
this afternoon in search of Thompson
advice. This noon we take lunch
at Mrs Houghton's Muncouth Beach
2 miles from here. I have written this before
breakfast. I am glad the children are sleeping
