

Tank Home Feb. 8 - 1900

Dear friends of  
Advisory Com.

For the 6 yrs. I've been Supt. of this Home I've planned something at St. Valentines for the entertainment of the family, 5 times I've executed my plan but this yr. the planning lacks life like its originator.

The date falls on regular day for our meeting. Instead of the meeting could you ladies do a little something socially for our flock? Counting in Winthrop for a select bit? by himself? If so invite in season please. Excuse the boldness of suggestion

and answer sooner so that I can  
develop something if you find your-  
selves unable to do so.

Winthrop is very comfortable  
much less pain than before last opera-  
tion.
