Our Dear Mrs. Belden.

When we received your very kind letter  
in reply to mine it seemed to us, altho unintended by you,  
as a call from China & so we joyfully incline  
"starters" toward sending Miss Carroll to that interesting  
& now all important field. We hope the Dea Lons  
will put it in the hearts of some other to send the  
balance that may be needed. The Master sent  
us a very valuable helper from Cleveland - a wil-  
ling volunteer to the work at Cumberland Gap. We praise  
God for it & now we hope & pray that dear Miss  
Carroll need not be delayed in fulfilling her  
mission & as He knows all about it He will see  
that His purpose is accomplished.

I do not think the Pres. Ch. Pulpit  
at De Lued Falls is yet filled.

Most Cordially Yours  
In His Service

Mr. Mrs. F. E. Nettleton
