Dear Sir.

On answer to your letter I ask for a little more time as it has just been forwarded me from Monterey and I leave for that place this afternoon and am now in the hurry of preparation, but if upon reaching my destination I recall any incident that would suit your purpose will be most happy to aid you. You have my warmest sympathy and

most earnest prayers in  
your work for the Master.  
God grant that the day  
may soon come when  
all nations and peoples  
and tongues shall acknowl-  
edge Him as Lord and  
King.  
yours in the Master's work.
