Saturday afternoon
Jan 19 - 07

My dear Ellie - Your letter
came yesterday, as I
had sent CK for \$30 -
a few days ago, I thought
you would use that
for College. I hope she
will get the \$15 - again.
Let me hear of she dress.
I sent by U.S. Express today
the gray dress.

By registered mail
a pair of 16 buttons
white gloves. I don't
feel I could get
them before they have

2^d 375 - a pair. today
white only are on sale
for \$225 - so I got
our girls to come.

They say they are going
up to \$4 a week the
Gacenter each unit
it awful. We have
had a most fearful
dread all night and
all day. I see I
must give that my
party last Thursday
Jan 17 has paid

3 up all my social
debts, and I'm
feeling young and gay.
Each thing has been
a perfect success.

Now I'm in my heart
out with you, so judge
that you was here.
Add has been your
for several days.

With love from
John.

My dear Ellie.

I needn't ask
for \$10 - I'm sorry to
send in such drabs
but if I keep it
on hand a day
there are so many
calls it is gone
before I know it
Is it any trouble
for you - or for your
Bank -

We desire yr to
Ch. thro' us. but
desire as keep.
I wish. They have let
Calomel except
to kill or die
folks. Oh Nigger

best. I didn't know
what you would use
the last \$30, but hoped
it could go for Evalina.
How nice she get in
now. I will have some
more \$ by the 1st Feb.
The Bank debt can

2 mil. Groceries
Cranes & servant
Can't quit.

Every need shall
be supplied. We
have the promise
and I believe this
Ct. or rather my
understanding of it.
Your debts are
minor for money
will come to
a thing of the past.

3 I hope you are
growing stronger and
cheerfuler than
taking a little time
to read and enjoy
life. If you have
Emerson read
his essay on "Self
Reliance". It is fine.
I am as usual very
tired. Am going to
a W. T. U. Recept-
a for me to Helen
in Woodman 1885

4 Mrs has been State
Pres. for 16 yrs. she
is going to Calif.

I take a large
layer Cocoa nut
cake, Mrs S. is a
grand woman.

but I don't believe
much in the W. U.

A begins of the
long end. I

love the people

connected with it
and with it

So glad I like the
glass. Don't lose them
near them when
she wants to. God
will supply her with more
