Dear Mrs. Belden

Your letter reached me  
this forenoon, and I dislike  
to refuse any opportunity  
to work for my support in  
which I thoroughly believe  
but I am very busy and  
tired down with home du-  
ties so I do not feel I  
can take upon myself  
any more obligations.  
I have always wished  
that I might

belong to and work with  
the county a some suffrage  
organization and perhaps  
sometimes it may work  
around so I can't though I  
trust we shall win and  
there will be no more  
need of suffrage organiza-  
tions

Yours in sympathy  
for our cause
