Dear Willie

So sorry to read  
in the "American" of the  
accident to Evelina  
(presumably). Hope it  
may have no bad  
sequel. You remember  
do you not the large  
piece of glass you  
swallowed in your  
infantage? Do let  
me hear if the child  
experiences any ill  
results. Many thanks  
for the "Evangelist"

slips - they came  
safely to hand.  
How did the affair  
of uniting with the  
Church turn out or  
is it not yet settled?  
Love to Ellen and  
the children. We are  
expecting to go to the  
Shore (vernacular) for  
a few days. Will leave  
here Saturday if all  
is well. After our return  
I shall try to see  
you - In haste  
L. C. Ho James

Was that a good report of your dinner  
in the Rev. Britain Street?
