Dear Will

I received your post at  
this morning and expected to meet  
you but find it impossible.  
I enclose memorandum about  
trains that I hope you will  
understand.

As you have plenty of time in  
the city I wish you would go  
to the house & take lunch with  
me. In case you get there  
before I do tell Mattie that I  
will be along by half past one  
if not earlier. And in plenty of  
time for our train which leaves  
at half past two - another train  
at 3-10 - Did you receive  
my letter about dissolution of W&A?  
In great haste.  
Will
